all things connected

Hotel Edison gets the Wanderport Treatment!

This iconic, [800-room Art Deco New York Hotel](#) which first opened its doors in 1931 has gone through many changes throughout its long, rich history. The Hotel Edison has received its latest upgrade from Wanderport Networks. Hundreds of next-generation wireless access points from Ruckus Wireless now feed this hotel's corridors and guest rooms a seemingly never-ending stream of high quality wireless internet.

The heart of this robust network lies in the core - utilizing our [WanderBox™ Gateway](#) to manage the tremendous network traffic generated by its thousands of guests on an almost 24/7/365 basis, the network doesn't skip a beat!
